

Hello readers!

Welcome to the latest edition of our class magazine UGM. In this edition we present just a few of the things we get up to here at the primary school. It's difficult to choose from so many!!!

So sit back and enjoy the read.

Class 5 Primary

Article 2 - Team 1- Solidarity Initiative – The Christmas Vigil

Last year on the 13th of December all the primary school went to the theatre of Filippin to present the Christmas Vigil. Our parents were invited, too.

All the class sang a song or read a part about peace in the world and how to stop it. After the vigil there was a solidarity dinner for people in need. It was amazing!!!

Francesco.C , Anna , Alberto , Teresa , Alex.

ARTICLE 2 - T2

ART WORK IN CLASS 1

Class 1 are doing beautiful art work with teacher Elisabetta .

They explained their work like Mondrian for example, where they colored using only primary colors.

They made a “Seasons Tree” and each branch has a season , it is not finished because Spring hasn’t arrived yet.

Class 1 thinks it’s a wonderful project .

We like this because drawing and making things is exciting .

T2- Angelica – Lucrezia – Sveva – Angelo and Giulio

Article 2 Group 3

Class 5 Trip to the Planetarium (Centro di Spiritualita' e Natura Don Paolo Chiavacci)

When we went on this trip it was in October.

We left at 8:30 am and we began the activity at 9:00 am.

When we arrived at the planetarium, the specialist explained the planets and the constellations .

After the break we went in an area where we learned about the solar system in an enjoyable way about the solar system consolidating what we learned at school.

The trip finished at 12:00 o'clock and we had a lot of fun.

Brando, Giorgio, Pietro G, Mattia, Francesco N.

Ciil Activites – Personal Presentation of an Italian Region

This year teacher Maureen and teacher Lucia decided to help us to study presenting a poster with the personal presentation of an Italian region, (one for each pupil). They had to include general information and other local information for example they wrote about the local dishes . In our opinion it's another way to study regions.

Nicolo', Giulia ,Thomas, Ivan e Antonio Elia.

Superficie: 25.217 km² (1° regione italiana per estensione)

Popolazione

- Torino
- Alessandria
- Asti
- Biella
- Cuneo
- Intra
- Ivrea
- Lanzo
- Mondovì
