

UGM

A hand-drawn poster for the UGM CS 2023-2024 Sveva event. The title 'UGM' is written in large, stylized letters: 'U' is green with diagonal lines, 'G' is blue with diagonal lines, and 'M' is red with diagonal lines. Below it, 'CS' is in orange, and '2023-2024' is in orange. At the bottom, 'SVEVA' is in blue with white dots. The background is white with blue snowflakes and colorful lines (green, purple, red) radiating from the title. At the bottom, there are four green pine trees with brown trunks on a blue base.

SVEVA

Dear readers,

Welcome to edition 3 of class 5 primary school magazine. This edition is full of interesting activities the children from the school have been up to.

Enjoy the read!

Class 5

Article 3

G1- Carnival 2024

In the primary school at Filippin, all the classes take part in a carnival parade. We do this parade on a Friday in february. This year we did it inside the school because it was rainy. We put on the masks that we made ourselves. At the end of the parade we went out to eat fritelle and crostoli and drink tea. For us it was amazing.

A Trip to Verona

Class 5° went to Verona, we went to the theatre and saw “The Story Book” a play about Cinderella, Peter Pan, Pinocchio and Harry Potter... After the theatre we went with a guide and She explained the history of the Arena di Verona, Porta Nuova, Centro Vecchio and Lake Garda .

It was interesting and very exciting.

A Scientific Experiment

On Monday 4th March at school class 5 did a science experiment .

We did this experiment because we are studying the 5 senses and the sense organs. We tasted 4 types of liquid that were unidentified (the first liquid was water with salt, the second was water with sugar, the third was lemon and the last one was coffee). We put the amount of seconds we took to understand what liquid we were tasting and wrote what we thought it was on a chart in our exercise book. First we tried only to smell then taste and taste and smell together.

With this experiment we concluded that it's easier to taste and smell together than only smell.

Trip to Turin – class 4

ON 7th MARCH 2024 , CLASS 4 WENT BY BUS TO TURIN WITH TEACHER SOPHIE AND MAESTRA CHIARA. THEY VISITED THE MOLE ANTONELIANA, THE CINEMA MUSEUM AND THE FAMOUS EGYPTIAN MUSEUM OF TURIN . THEY WENT TO TURIN TO DO A BIG REALISTIC REVISION OF THEIR STUDIES OF THE ANCIENT EGYPTIANS . THEY REALLY ENJOYED THE TRIP .

WE THINK IT WAS AMAZING FOR CLASS 4 .

An "Interview" with a Sportsman

Jannik Sinner is a very famous tennis sportsman in Italy and he also plays other countries. Jannik was born on 16th August 2001. He was born in San Candido (Bolzano) in the north of Italy. He's 188cm tall and he weighs 76kg. His favourite food is cotoletta alla milanese (made by his grandma). Foods he know are good for you and he must eat are vegetables and his snack between one game and another is a carrot. Jannik speaks Italian, German and English, he has fun when he plays the playstation, his strong point is his costant hard work.

Sinner is an incredible sportman and he's very polite.

Thomas,Pietro.G ,Francesco C, Lucrezia.
