LATEST EDITION, HOT OFF THE PRESS!

Welcome back to the primary school magazine. For our first article of 2025 we have some great updates on just a few of the activities going on lately at our campus and beyond. ENJOY!

Article 2 – Team 1 – Outing Class 3 and Class 4

Class3 and 4 went to the Museum of Archeology and Natural History In Montebelluna. First they went on the second floor, where they saw insects in amber. Then they visited the room of outer space where there were minerals and the solar system. Then they went to the lava and magma room, then in the sea room where there were corals, sponges and star fish. Finally they saw the mascot - Axolotl. The class separated to do some laboratories.

Class 3 built a dinosaur with Lego and class 4 observed vegetable cells with a microscope. At the end of this great day they went back to school and went home.

They said it was fantastic and fun.

Article 2 – Team 3 - Br. Oscar's Visit to the Primary School

In November in our primary school Brother Oscar (a Brother from Kenya) came in our class and we asked questions about his life. For example do you like your job? Why did you decide to become a brother? etc.

We said the morning prayer together with all the primary school, too.

He came because he wanted to see our school and to answer our questions.

It was beautiful to meet Brother Oscar in real life.

Article 2 – Team 4 – Biscuits Galore.

This year classes 2, 3 and nursery school with class 1, made biscuits at school.

The parents, sold the biscuits after school. They did this activity because we take part in the project ONE LA SALLE which helps some schools of the Christian Brothers around the world.

This year they had a good idea because it is the first time in a long while that they have made biscuits.

They had a great time and the parents enjoyed it, too. Well done!
