

Class 5  
Magazine

SCHOOL  
YEAR  
2026/2027

**Hello everyone! Welcome to our primary school magazine 2026/ 2027**

**We are the new class 5 and we are so happy to take up the baton and continue this great project.**

**We have called this year's magazine:**

## **THE BEST YEAR**

**We hope to bring you some lovely, informative articles about what we get up to at the primary school and beyond; the Campus and Lasallian life we have contact with.**

**We hope you enjoy reading what we get up to.**

**ENJOY THE READ!**

## TEAM 1 - ARTICLE 1 Interviewing a Student About the La Salle Kenya Project

**Our team interviewed Giulia, one of the students from our high school that participated in the Kenya project this year.**

**Giulia:** - *I went to Kenya at the end of June and July for 12 days.*

*I went there with Teacher Mary, Maira, a mum from our primary school and students from my class, Giulia Z, Simone, Gioele, Carolina and me Gulia S.*

*In Kenya I went to Nairobi, there we also visited Kibera one of the biggest refugee slums in Africa. And then we travelled to Nakuru and stayed at Mwangaza College a La Salle vocational college. We stayed in the brothers' house at the college. In the college we joined in with some of the activities with the students and shared experiences.*

*Then we visited the brothers' orphanage and played with the children. We went on a school trip with students from the college to visit a forest with a big water fall. We went on safari in Nakuru National Park where we saw lions, rhinos, monkeys, giraffes, zebras, baboons and many more.*

*I went to Kenya because I listened to many students, who had visited, talking about it and I was fascinated and decided to go. This project is very interesting because there you see lots of life styles. It was great to live such an experience with my friends.*

**Filippo C, Sofia, Ettore, Diletta, Mattia**

### OUR TRIP TO MILAN for our M.R.L Meeting (Movimento Ragazzi Lasalliani).

On the 2nd of October this year we went to Milan. We travelled by bus and left at 7:25 am. From school, we stopped at a service station for a snack on the way. After 2 hours, we arrived at the school called San Giuseppe, a La Salle school. When we arrived, they gave us a snack, then we played games for example a parkour and the king games. There were other La Salle schools, too. We went with our class and the 2 class 4s. We ate sandwiches, 1 with salami and 1 with Parma ham. In the afternoon we returned to the bus to go home. We participated in this activity because we wanted to meet other La Salle schools and the pupils. It was a very beautiful trip!!

### A PICNIC IN VILLA FIETTA

Friday 11th September all the children of the primary school walked to Villa Fietta. When we arrived there we sang some songs and then we danced along to a song with the children from the nursery school we have there. After that we ate bread with nutella. We had this activity to say hello to the nursery children.

It was really fantastic.

Welcoming the New Class 1 to our Primary School

The first day of school, at 9 o'clock the children of class 1 arrived in the garden of our school.

After Edoardo, a pupil in our class, started to talk to the children of class 1, with a welcome speech . It was raining so then we accompanied the children of class 1 in their class to make them feel welcome.

After that we watched a video and danced with class 1. They were happy because on the desk there was a pencil, a ruler and a rubber

FOR US IT WAS A FANTASTIC FIRST DAY BECAUSE THEY  
STARTED PRIMARY SCHOOL!  
**WELCOME CLASS 1!**

Edoardo, Vittoria, Filippo S and Andrea
